Steven H. Rauchman, M.D. is an eye physician and surgeon who has been in private practice for 30 years. He has served as an expert medical consultant for the last 10 years specializing in the area of personal injury and related traumatic brain injuries.

Working with Attorneys

Dr. Rauchman does not hesitate to get on the phone with attorneys to gain a deeper understanding of a particular case. Clear communication is essential in bridging the worlds of medicine and law to benefit the patient.

- Thorough background in comprehensive ophthalmology
- Thorough background in neuroscience
- Dedication to patient well being

Working as a Team

- Dr. Rauchman does not hesitate to communicate with other medical experts involved in the care and treatment of a patient. This creates an integrated medical understanding of the client as a whole person.
- Patients now expect ease of access to a doctor.
- **This includes a dedicated concierge attorney phone: 818-620-0115, answered directly by Dr. Rauchman.**
- Dr. Rauchman has established an easily accessible virtual medical platform to do evaluations and examinations statewide.
- The patient no longer needs to drive hours and sit in a physician's waiting room for expert care. There is also a direct link to Dr. Rauchman's schedule to avoid unnecessary delays in seeing consultations.
- Reports are generated promptly and personally by Dr. Rauchman.
- Dr. Rauchman is also experienced in depositions and trials and his testimony provides a clear picture of patient injuries and limitations.
