

EMG/NCV UNLIMITED

STATEWIDE

Personal Injury Workers' Comp

Phone: (323) 301-4379

EMG's and NCV's can be useful in helping doctors diagnose painful nerve damage and chronic conditions impacting the nervous system. They provide top-of-the-line medical solutions and convenient services, such as:

- Mobile service: our physicians/technicians come to your doctor's office to perform the testing
- Statewide service throughout California
- Professional staff with nearly 20 years experience
- We accept medical liens on all P.I. cases
- Quality testing by our physicians
- Complete testing for Personal Injury, Auto Accidents, Slip & Fall cases
- Medical report and billing completed and mailed to attorney within 24 hours

What are some problems for which EMGs are ordered?

- Carpal Tunnel Syndrome
- Ulnar Neuropathy at the wrist or elbow
- Pinched Nerve (Cervical Radiculopathy)
- Brachial Plexus Injury
- Radial Neuropathy
- Thoracic Outlet Syndrome
- Myopathy (Muscle Weakness)
- Muscular Dystrophy
- Myofascial Referred Pain
