**ABOUT**

Dr. Sherwin Hua has performed over 2,500 surgeries and has taken care of thousands of patients with neurosurgical and pain issues. He is one of the few individuals who has expertise in all three disciplines of complex spine surgery, minimally invasive spine surgery, and pain management. This broad expertise allows him to choose the best option whether it is surgical or non-surgical for each individual's problem and situation. Dr. Hua is continually striving to improve patient care and outcomes by using the latest in advanced technology or working to develop the technology and technique for his patients' benefit.
