### ABOUT FRYE CHIROPRACTIC

Our Skillsets at managing Personal Injury cases is exceptional:

- Our team of case managers have decades of experience managing personal injury cases. They know how to manage difficult cases and overcome potential issues.
- Our doctors are well trained in managing Personal Injury cases.
- We have a solid network of surgeons, pain management and radiology specialists that we work closely with and who will work on a lien basis.
- Our reports are thorough and delivered in a very timely manner.
- State of the art technology in a highly respected clinic.
- We are open late for commuters.
- Our patients are consistently happy with the state of the art clinic and caring treatment.
- We can usually see a new patient the same day that you call, and even can see a new patient on Saturday if needed.
- Staff answers the phone after hours and on weekends.
