ABOUT DR. KASHFIAN

Dr. Kambiz Kashfian DDS brings an impressive thirty-five years of skill and expertise to the field of dentistry.

Dr. Kashfian is pleased to be able to provide his patients with the latest in technology, equipment and procedures. He focuses on maintaining open communication and building relationships with his patients based on mutual trust and is dedicated to providing safe, comfortable treatments designed to allay fears or anxieties. His attitude is friendly and open, and he is always happy to answer any questions or concerns you may have.

With an emphasis on preventative care and timely, conservative treatments, Dr. Kashfian is dedicated to providing each of his patients with a lifetime treatment plan tailored to their individual needs and goals. He works closely with his patients to ensure they understand their various options and treatment plans.

Dr. Kashfian has made it his mission to educate his patients and provide excellence in care in a warm, relaxed environment. He works with patients to create the right treatment plan to address their dental health care needs, time constraints and budgets. With access to accurate information and customized treatments, you can be confident you will be able to make the best decisions for you so that you can enjoy a lifetime of good dental health.
